

ParishWorld

ParishWorld Free Mobile App for Catholics

• SUGGESTED PULPIT ANNOUNCEMENT •

Our Parish has launched an exciting new mobile app for mobile phones and tablets. The new mobile app will focus on Evangelization, Catechesis, Stewardship and Parish Communication.

Our new app comes pre-loaded with thousands of exciting Catholic articles from some of the most well-known Catholic theologians, clergy, writers and websites. When you have questions about our Catholic faith, the answers will be readily available to you and your family -- right there on your mobile devices.

Several times a day the app will be refreshed with thousands of new articles, including the Daily Mass Readings and the lessons to be learned from them.

Our Parish information, Mass Schedules and more can be found in our new mobile app. You will also see our parish calendar, events, announcements, parish stories and more. It will have online bible studies, ministry blogs, multi-media and much more.

You will also receive text messages on your phones direct from our Parish regarding important events, Sunday's Readings, spiritual reflections and much more.

Our Parish mobile app features a worldwide Catholic parish church finder. Locate any parish in the U.S. and get their Mass Schedules on the road, as well as GPS-assisted mapping and directions to get there. This app is a must for all Catholics.

Those among you with Apple iPhones can download this app from the App Store. And those of you who have Android phones can download it from your phones' Google Play store.

Search for the App: ParishWorld. That's one word. ParishWorld.

Download a free copy of our Parish app today. Share it with all your family and friends who have mobile phones and tablets. You will also see an announcement in our Parish bulletin every Sunday.

With this new and exciting mobile technology for our Parish, let us all "work together as the Body of Christ to change the world."
